# Epiphany- January 6<sup>th</sup>

Epiphany is a Christian feast day that celebrates the revelation of God incarnate as Jesus Christ. In Western Christianity, the feast commemorates principally the visit of the Magi to the Christ Child, and thus Jesus Christ's physical manifestation to the Gentiles. It is sometimes called Three Kings' Day, and in some traditions celebrated as Little Christmas..

# Did You Know?

Our Foundation Stone is for the completion of the final stage of our Cathedral.

# On August 20<sup>th</sup> 1959 the stone was blessed by the Bishop of Coventry

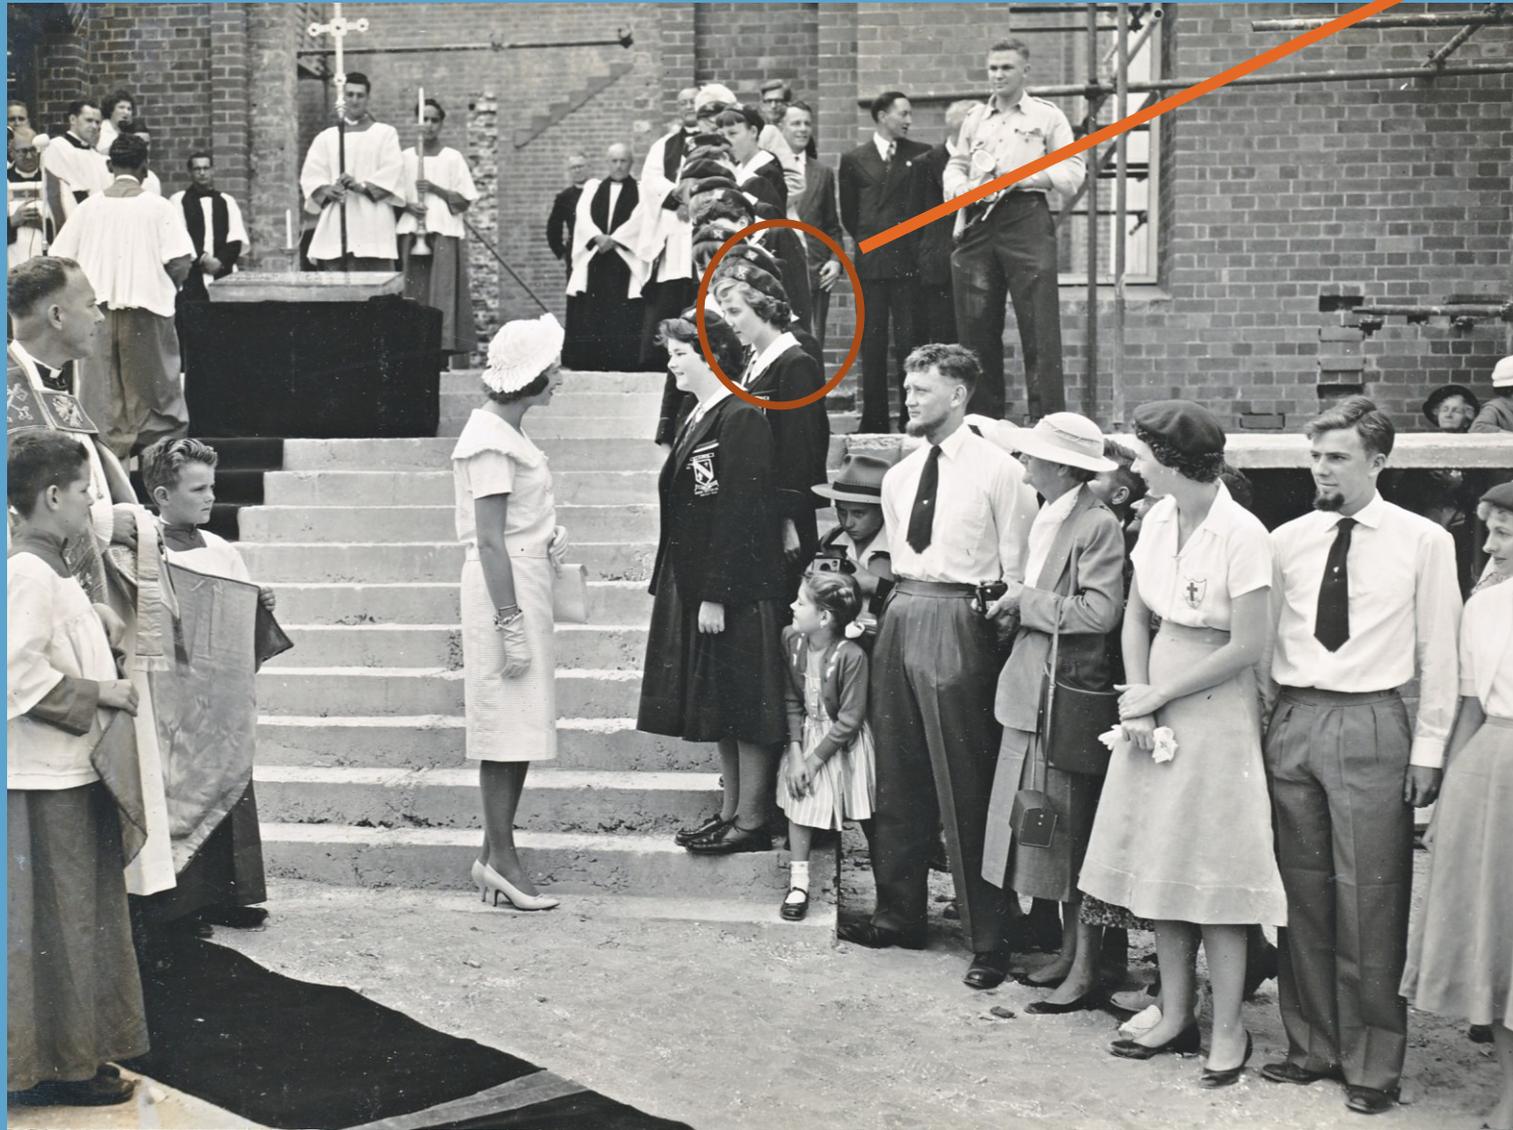

# August 29<sup>th</sup> 1959 . HRH Princess Alexandra of Kent visited the Cathedral during construction and presented a Cross of Nails to be set into the stone. The Cross is made of medieval nails collected from the bombed ruins of St Michael's Cathedral in Coventry. Similar nails have been sent to a number of churches around the world.

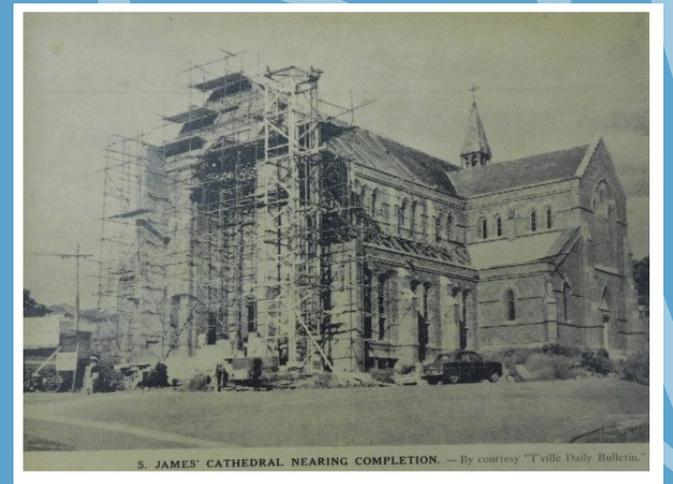

*It would be interesting to find any photos of the Primate setting the Foundation stone, if anyone has them#*

# PARISH NOTES

## ST. JAMES'S CATHEDRAL

The Ven. Archdeacon W. P. HOHENHOUSE.

The Revd. M. C. BROWN.

Two important visitors to the Cathedral on succeeding weeks have added interest and distinction to an already distinguished history of the Mother Church of the Diocese. The first was the Bishop of Coventry on 20th August, touring Australia on behalf of the Church of England Men's Society. Before his well attended meeting of men in the Theatre Royal at night, the Bishop came to the Cathedral at 3 p.m. to address the women of the diocese arranged by the Mothers' Union. About 400 women attended this meeting to hear a most inspiring address. At the request of our Bishop, a retiring collection was taken up for Coventry Cathedral at which £41/6/6 was subscribed. Then the Bishop of Coventry proceeded to the blessing of the Stone to commemorate the completion of the Cathedral, a simple and effective service that welds a link between the Dioceses of Coventry and North Queensland. It was a very happy occasion.

The second visitor was the charming Princess Alexandra on Saturday, 29th August. The Princess presented a Cross made from nails recovered from the Coventry Cathedral after its destruction by enemy bombs in 1940. This will be incorporated in the Stone blessed by the Bishop of Coventry. Gracious, natural, and interested, the Princess gave to us all that charm about which much has been said and written so truly about her attractive personality.

A tribute must be paid to the contractors and workmen of the Cathedral extensions for the way in which they prepared the way in cleaning the grounds and removing scaffolding to allow the Princess to move in the Cathedral to see part of the Church that has been in use for so many years.

We were recently contacted by Martin Williams after finding a faded newspaper clipping with Princes Alexandra at St James

FRIENDS of COVENTRY CATHEDRAL FROM THE CHAIRMAN

Dear Lorraine

*Thank you once again. The news cutting tells the whole story. I cannot believe that there was nothing about Townsville in the Coventry Cathedral Archives, though I suppose it is understandable because the events were arranged by our Bishop and not by the Cathedral staff. The Bishop has his own administration. I will be printing all these items to create a file in the Cathedral Archives so that all our work is recorded for future reference.*

I am most grateful.

Sincerely  
Martin R Williams

**Bishop Cuthbert Bardsley is the most famous of the Bishops of Coventry. He was the consecrating Bishop of the new Coventry Cathedral. He was tall with a commanding presence. He was keen on mission, and in 1968 he mounted a 10 day mission based in Coventry Cathedral. Some 60,000 people came to the event which was carried with live TV links into adjoining churches, the open air Ruins and Coventry University. It was the biggest Anglican Mission of the 20th century. It took several years of planning and he raised the finance and organised it all. It ended with a huge open air communion service for the whole diocese held at the National Agricultural Centre, just outside Coventry. I think Missions like that are no longer in fashion as I do not see them publicised today.**

## OPENING OF ST. JAMES' CATHEDRAL, TOWNSVILLE.

(FROM OUR SPECIAL REPORTER.)

TOWNSVILLE, October 27.

THE opening of St. James' Cathedral at Townsville, which took place to-day, marks an era in the annals of the English Church in North Queensland, and before proceeding to the actual opening ceremonies, a retrospective glance at the history of the church in Townsville from its earliest days to the present time is a pleasurable undertaking from the fact of the satisfactory development which has slowly and surely obtained as a result of the steadfast labors of those who had the best interests of their church at heart. To none is more credit due than to His Lordship Bishop Stan' on for the position of the church to-day, his unflagging zeal and disinterested exertions having endeared him to the diocese, which was in his care between the 24th of June, 1878, and the 15th of January, 1891.

## Ian & Shirley Thomson

After careers in the Navy, IBM, CREB (now Ergon), Australia Post, Real Estate and sundry office and retail jobs, plus raising a family, in the 1980's each began to recognise a call in a different direction.

In 1983, Ian began his most impelling career as a Priest in the Anglican Church with Shirley supporting him. In 1995, with Ian retiring, Shirley stepped forward, into what she had recognised some time back but now felt the timing to be right, to complete the call she had had many years before and began her journey towards Priesthood, again in the Anglican Church of Australia.

Since those days they have ministered mostly in Non-Stipendiary positions, supporting needy parishes with their own resources and the benefit of life experience, mostly in the Diocese of North Queensland. Some of those needs included 9-hour jaunts to bring services to Normanton, Karumba and points along the way, and often Cooktown (Shirley's birthplace) as well. Meeting with wonderful resourceful folk living in these faraway places was always a bonus.

Along the way a call to the Diocese of Riverina was heeded. This was particularly significant to Ian as he was returning to his birthplace. Some years among the sheep and wheat parishes there, left them with an enduring appreciation of the stoicism of the people of the land. An opportunity to minister in the Diocese of Tasmania was joy.

Today they attend St James' Cathedral where there is often a call to conduct a service there, or to Innisfail or Tully or South Townsville, once again on the road as the need occurs.

Presently, as they reside in Townsville, they are learning to love vitality of the city, to pray for its prosperity and to enjoy the creativity of the citizens.

1. **HUMILITY:** I don't know if I have COVID as it is clear that people can spread the disease before they have symptoms.
2. **KINDNESS:** I don't know if the person I am near has a child battling cancer, or cares for their elderly mom. While I might be fine, they might not.
3. **COMMUNITY:** I want my community to thrive, businesses to stay open, employees to stay healthy. Keeping a lid on COVID helps us all!

# THE ROSTER

## St James'

### Sunday Service Roster 2022 St James Cathedral

During January we will be setting up a monthly roster which will continue for all of 2022

There are a few changes from previous rosters.

Each Sunday there is a need for **five** readers

1. First Reading and Psalm (if no choir)
2. Second Reading
3. Gospel
4. Intercessions
5. Vicarious

It is no longer necessary for the gospel to be read by a member of the clergy. This change happened in 1997

The "vicarious" is a stand-in person, whose role it is to make sure that the other three people are present and if not, they stand in for them.

The other four roles (welcomers, morning tea, cleaning and counting) are now part of the one document, rather than two separate rosters.

There is a sheet on the back table to be filled in.

For the next two weeks people can "claim" their existing roster place

Once these places have been filled, new people can add their names and take on a new role.

If there are still places empty at the end of this, then people can "double up".

It would be good to have this up and running by the middle of February (13th).

Thank you for your willingness to be part of our weekly liturgy at St James Cathedral.

Fr Kenneth

worth a thought

The noted, late anthropologist, Margaret Mead, was once asked, "What was the first sign of human civilization?" The inquiry came from someone who expected her to identify some artifact crafted by a primitive human being. Her reply was, "A healed human femur." She went on to explain that it was the protection, feeding, and care by another individual that was unquestionably required to allow such a person to survive to the point of healing of such a fracture that signified that civilization could proceed.
